Key Features of the Michel Thomas Method for English Learners

Focus on Cognates and Similarities

Spanish and English share many cognates—words that look and mean the same or similar things. The course leverages these similarities to accelerate learning, such as: - Animal names: animal, hospital, important. - Common objects: table, restaurant, family. - Basic verbs: to eat, to go, to have. By recognizing cognates, learners build vocabulary confidence quickly.

Interactive Sentence Construction

Instead of memorizing phrases, students learn to construct sentences dynamically. For example: - Starting with simple sentences like “I am hungry” or “You have a book.” - Progressing to more complex structures as confidence grows.

Gradual Introduction of Grammar

The method introduces grammatical rules incrementally, integrating them into speech rather than isolating them as abstract concepts. For example: - Introducing the use of “be” and “have” verbs early. - Explaining tense differences through practical examples. - Reinforcing correct syntax

through repetition.

Emphasis on Pronunciation and Intonation

While the primary focus is understanding and constructing sentences, pronunciation is addressed through listening exercises. Learners mimic native intonation patterns, improving their spoken English.
