Barnes's background informs her portrayal of profiling techniques, criminal psychology, and the nuanced motivations of her characters, lending credibility and depth to her fictional universe.

Genesis of The Naturals Series

The concept for The Naturals reportedly originated from Barnes's interest in criminal profiling and her desire to create a series that blends psychological science with compelling fiction. The series was officially launched in 2013 with the publication of the first book, The Naturals, followed by subsequent installments that expand on the core themes. Barnes envisioned a series centered around gifted teenagers who utilize their innate abilities—ranging from profiling to intuition—to assist law enforcement in solving complex cases. Dust your bookshelves regularly and gently clean book covers with a soft, dry cloth. For valuable or collectible editions, consider using protective covers or storing them in archival-quality boxes.
