These leaks were primarily disseminated through various online forums and image-hosting sites. "Forum W" is often cited as one of the key platforms where such content was shared, discussed, or archived—though its exact origins are shrouded in anonymity and digital obfuscation. Initially, these forums emerged as clandestine spaces where users could share and access stolen images with minimal moderation. They often operated on the fringes of the deep web or used anonymizing tools such as Tor to evade law enforcement scrutiny. Over time, "Forum W" evolved into a hub for not only leaked celebrity content but also for discussions related to hacking, privacy violations, and cybersecurity vulnerabilities.
