Organizing Multiple Editions

Managing multiple editions of The Lemonade War The Lemonade War Series 1 is a common challenge for long-term users, especially

Including these details directly in file names allows quick identification and reduces the risk of using outdated material. For example, adding the year or edition to the filename distinguishes current files from archived ones at a glance.

Maintaining a catalog or index can further enhance organization. A simple spreadsheet or document listing titles, editions, publication dates, and storage locations provides an overview of the entire collection. This approach is particularly useful for large libraries or collaborative environments where multiple users access shared resources.
