Thematic Depth and Psychological Exploration

A Dark Reflection of Humanity At its core, *No Longer Human* is an exploration of the alienation that pervades modern society and the individual's struggle to find authentic connection. Ito's rendition intensifies these themes by manifesting inner despair through nightmarish visuals.

- **Existential Despair:** The protagonist, much like Dazai's original character, grapples with feelings of worthlessness and disconnection. Ito visualizes this through disturbing hallucinations, deformities, and surreal landscapes that symbolize the protagonist's fractured psyche.
- **Identity Crisis:** The manga delves into the fluidity and fragmentation of identity, depicting characters who morph visually or lose their selves entirely. This echoes the novel's exploration of self-alienation.
- **Societal Critique:** Ito subtly critiques societal expectations, conformity, and the loneliness that arises from superficial social interactions, heightening the sense of despair.
