Key Causes of the Civil War

- Slavery: The most contentious issue, with the Southern economy heavily dependent on enslaved labor and the Northern states increasingly opposing the expansion of slavery into new territories.
- States' Rights: Southern states advocated for greater autonomy to make decisions about slavery and other policies, challenging federal authority.
- Economic Differences: The industrialized North favored tariffs and a centralized economy, while the agrarian South relied on free trade and slave labor.
- Election of Abraham Lincoln: Lincoln's election in 1860, on a platform opposing the spread of slavery, prompted Southern states to secede, fearing the abolition of slavery and loss of political power.
- Secession and Formation of the Confederacy: Starting with South Carolina in December 1860, eleven Southern states seceded and formed the Confederate States of America, setting the stage for war.
